Message from President

G. RAVI BABU

Another eventful year of advancing our mission passed. And it is again time to share our Annual Report that will provide you with information about DESIRE Society's work and achievements during 2021-22.

Over the years, we have been working towards sustainable solutions that enable children living with HIV/AIDS (CLHA) to thrive, not just survive, in a conducive environment. From establishing our first care home with a handful of children in Hyderabad to currently running care homes in five different cities in India, we have gone from strength to strength.

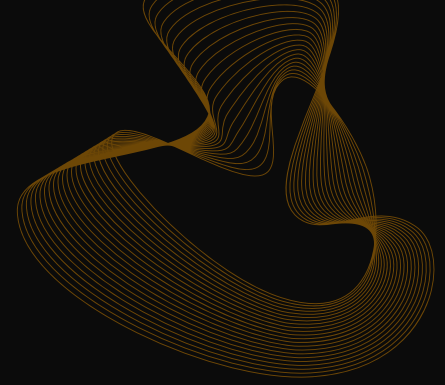

So far, our journey has been exhilarating, full of new learnings. This year too has been momentous.

The Annual Report for the period under consideration demonstrates that it has been another year of remarkable impact and progress. In 2021-22, DESIRE Society impacted more than 1500 CLHA and created invaluable partnerships. We have further developed and strengthened international partnerships and collaboration through our US chapter. This Annual Report has many stories of hope that reinforce my faith in the power of all of us coming together towards creating lasting impact on the lives of CLHA.

We have grown phenomenally, taking meaningful strides to strengthen our foundation and leaving impactful footprints of this fruitful journey.

In closing, I wish to thank and appreciate all board members, co-workers, staff members, volunteers, partners and donors who continue to contribute with passion and tireless efforts to make a difference in the lives of CLHA. Our progress is steady and unstoppable, and that is because of the individual difference each of you make every day. I thank you once again and hope to have your continued support and commitment in achieving our mission.

Message from Vice President

E.M. SUBHASH

In 2021-22, DESIRE Society completed its 18th anniversary, recommitting ourselves with a new spirit of urgency to work with partners, supporters to protect and care for the most marginalized and vulnerable children in the most impactful ways.

Over the years, we have been refreshing our strategic approach to further scale up our response to the HIV crisis that bring lakhs of children across the country to the brink.

We have been responding to the needs of CLHA, providing them safe shelter and the much needed love and care of a family while sharing their sorrows and giving them little joys that can make a difference to their lives.

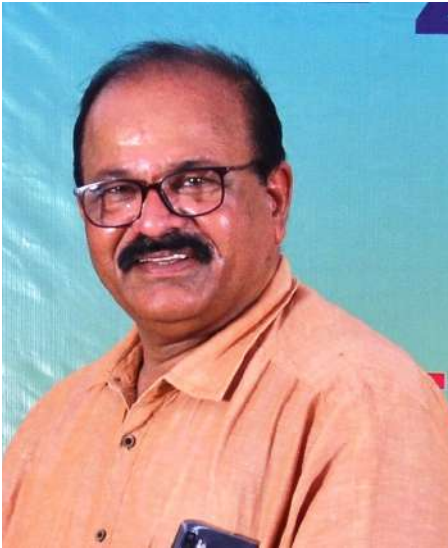

Most important of all, we remain focused on preparing them, in every possible way, to meet the challenges of today, in order to protect and nurture their future.

Guided by our vision and powered by collective actions of all our stakeholders, we endeavour to extend the highest level of care to our children and prepare them to cope better with the immediate and long-term problems unleashed by HIV/AIDS. We adhere to the four categories of the CRC namely protection, survival, participation and development.

Looking ahead, we are sharpening our focus on life cycle based approach, so that our CLHA survive and thrive into healthy, productive adulthood. The survival and success stories of each of our children give us hope and motivate us to work harder.

We thank our donors and supporters for helping us continue to meet needs of CLHA.

Messages of Medical Team

DR. L. RAJ KUMAR
Chief Medical Officer

Everyone goes through challenges in life: however, the world is an especially harsh place for children living with serious illnesses, like HIV/AIDS. We, at DESIRE Society, have been reaching out, motivating and empowering CLHA through our comprehensive care programmes. We have achieved lot of milestones in the course of the journey and also encountered several challenges which only made us more resilient.

The time I spend with our special children is a booster for my professional resilience. I salute their resilience and indomitable spirit. And it is so rewarding to be a part of giving these children the chance to experience the positivity and hope that help them to cope with life. It does not take a lot on our part but literally change their lives.

I am proud of what we have accomplished together as we help brighten up lives of special children. I am even more optimistic as each day, each month, each year we open new opportunities for our special children.

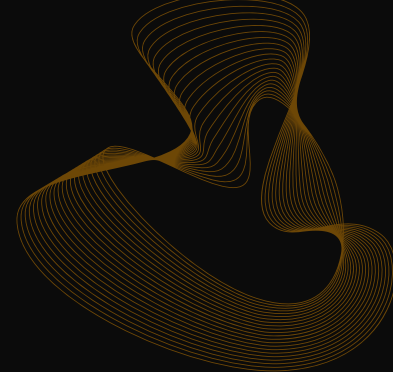

DR. Y. SUNIL KUMAR
Medical Officer

At DESIRE Society, we are passionate about making a measurable impact in the lives of Children living with HIV/AIDS. It has been a tremendously humbling experience to witness how our programs have been making a positive difference in the lives of our special children.

The amazing, magical thing about being in the medical profession is that you can save lives, be an active enabler of change as well as get to witness the impact of the change. Saving and changing precious little lives indeed fills my heart with great pride and gratitude.

This annual report is a catalogue of many uplifting stories of change that strengthen my passion and commitment towards the larger wellbeing of our special children. More power to each one of them!

Message from Head of Communications

DR. NEELIMA ATAL MOHANTY

Since the past 18 years, DESIRE Society has been working tirelessly to promote sustainable well-being of CLHA- to keep them out of harm's way, to build a healthy and bright future for them, to help them recognize, embrace and fulfil their vast potential. All our efforts are directed towards filling resources gap that exists in our society for CLHA.

We respond to the multidimensional needs of these special children. We make efforts to promote every child's development to his or her fullest potential while holding ourselves to exacting standards

For me, the journey with DESIRE Society has so far, been fascinating as well as enriching. Through the course of my association with DESIRE Society, I have seen many of our children grow into strong and resilient adolescents and young people who are ready to take charge, drive change and thrive in the long run.

Our work is propelled by these dynamic children and young people who navigate challenging circumstances with aplomb and continue to march with confidence towards a better future.

The road ahead for us as well as for them (our beneficiaries) is long, and we have a lot to learn and do, but our determination to reach our respective destinations is fuelled by passion and belief. I hope and pray that all our special children will continue to fly upwards and onwards on the wings of their confidence, determination and passion.

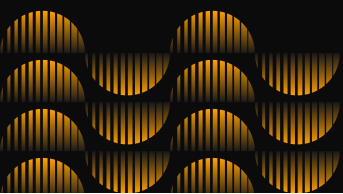

I wish to express my deepest gratitude to each one of our stakeholders for walking shoulder to shoulder with us on this journey.

DESIRE Society: An Overview

About DESIRE Society

In 2004, DESIRE Society took its first tentative step into the world of development through its commitment to limit the suffering of CLHA and to provide them with holistic development opportunities to thrive and succeed in life. In 2005, the Society was registered as a Not For Profit organization under the Andhra Pradesh Societies Registration Act, 2001 (Act no 35 or, 2001). Starting its operation in the city of Hyderabad with just a few children, the organization set a bold charter for itself - to limit the suffering of CLHA with compassionate care and treatment and support them to grow into resilient individuals. Today, DESIRE Society is making a difference in the lives of thousands of CLHA across five states of India.

Vision

To reduce the stigma and discrimination associated with HIV/AIDS and lessen the death cases among the people living with HIV/AIDS in India

Mision

To improve the lives of children struggling with the impact of the HIV/AIDS pandemic in India
We provide shelter, food, treatment, education and psycho-social support.

Aim

To reduce the spread of HIV and meet the challenges in the field of AIDS

We are committed to preventing HIV infection, facilitating access to treatment, care and support & lessening the impact of AIDS.

Objectives

To reduce the morbidity and mortality of the CLHA

To offer stigma free voluntary counselling and treatment facilities for CLHA

To help CLHAs access antiretroviral drugs from government and monitor them for drug adherence

To support orphan and vulnerable children infected and affected with HIV/AIDS through Institutional Care Homes (ICH)

To advocate for a prejudice free society for the children living with HIV/AIDS

Our Footprint

In India, DESIRE Society has presence in 5 cities across 5 states, viz. Noida in Delhi NCR, Mumbai and Navi Mumbai in Maharashtra, Visakhapatnam in Andhra Pradesh, Hyderabad in Telangana and Bengaluru in Karnataka.

DESIRE Society Inc is the USA chapter of DESIRE Society which is working in India with an objective of health development and well-being of children struggling with HIV/AIDS. Incorporated in the year 2010 as a charity based organization in Atlanta in the state of Georgia, DESIRE Society Inc is a 501(c)(3) tax-exempt organization in the USA.

Why We Exist?

As per the India HIV Estimation 2019 report, there are 24.01 lakh People living with HIV (PLHIV) in India

There are 70 000 CLHIV (children below 15 years) and 1.70 lakh young people (15-24 years) living with HIV in India

In India, the final MTCT Rate of HIV stands at 24.25%

The most important route of transmission of HIV in children within India is Perinatal transmission (MTCT)

As per the India HIV Estimation 2019 report, Maharashtra was estimated to have the highest number of PLHIV, followed by Andhra Pradesh, Karnataka, Uttar Pradesh, Telangana, Tamil Nadu, Bihar and Gujarat. Nationally, there were 69.22 thousand estimated new HIV infections in 2019 with Maharashtra estimated to have the highest number of new HIV infections.

While India has been addressing the challenge to care for the people living with HIV and AIDS, for safeguarding their rights and ensuring priority attention to the most vulnerable groups, there are dearth of resources, infrastructure and systems available to support children living with HIV/AIDS.

DESIRE Society came into existence to fill this gap, to facilitate the survival and development of CLHA and to ensure the realization of their rights. The organization was established to specifically cater to orphan and vulnerable children (OVC) living with HIV/AIDS who are vulnerable to discrimination and poverty, abuse and sexual exploitation, including through trafficking and child labour.

DESIRE Society is functioning in India across five states with high HIV prevalence, i.e. Maharashtra, Andhra Pradesh, Karnataka, Telangana and Delhi-NCR. Our **Core Programmes** are-Institutional Care Home, Child Nutrition & Health Care Camp and Summer Camp.

HIV and AIDS deprive thousands of children in India of their childhood- of the opportunity to lead a healthy life, to enjoy the love of parents, to attend school, to play with friends, to be happy and carefree.

What these children need is compassionate care and this is precisely what DESIRE Society does.

DESIRE Society provides shelter, health care and nutrition, treatment, psycho-social support, education, and life skills to CLHA through their Institutional Care Homes.

While what we do cannot replace what these children have lost, but the services provided by DESIRE Society make an enormous difference in helping the CLHA to thrive while preparing them for a healthy future.

Most of the children are OVCs- orphans, semi-orphans, children abandoned by one or both parents, children of sex workers, truck drivers, victims of abuse, children from poor families. Our care homes have children upto 18 years. . Beyond 18 years, the after care home structure is established in Hyderabad. Today, we are proud to say that many of our "DESIRE" children are pursuing higher and job-oriented courses.

Shelter & Protection

Our professionally managed Institutional Care Homes provide comfortable, secure and homely environment for our special children.

Food & Nutrition

We have carefully designed a weekly menu consisting of a healthy and balanced diet to cater to the health and nutrition needs of our children.

Healthcare

We have a team of doctors who conduct regular health check-ups and provide treatment. We have on-call doctors and ambulances available 24/7.

Education

We admit our children in good English medium schools/colleges. We also provide in-house coaching and counseling to our children.

Psychosocial Support

Some of our beneficiaries have lost one or both parents to HIV/AIDS. The profound trauma of losing one or both parents adversely affects a child's physical as well as emotional well-being and development in the long run. They need bereavement support to overcome the impact of the loss experience. Some of our beneficiaries are from socially & economically weaker families who cannot afford the cost associated with the care of a CLHA, few of our beneficiaries have been abandoned by their parents and relatives and yet there are others who have been the victims of abuse. In one way or the other, HIV/AIDS have robbed these children of their rights to grow up in a family environment and to develop to their fullest potential.

DESIRE Society has a team of experts who provide psychosocial support to all our special children as an integral part of its comprehensive care model.

Child Nutrition & Health Care

The shame, fear and prejudice surrounding HIV / AIDS feeds a culture of silence that fuels stigma. Stigma inhibits people, particularly those from disadvantaged communities, from getting tested and seeking treatment, for themselves or for their children. Without access to ARV therapy and proper nutrition, infants who are born HIV-positive are exposed to greater health risks.

Early detection and timely initiation of treatment, appropriate care & nutrition is crucial for the prevention of morbidities, growth delays & death among HIV+ children. Through the Child Nutrition & healthcare programme, DESIRE Society reaches out to CLHA from disadvantaged communities & provide the following services:

- Diagnostics and related technologies for HIV/AIDS, related opportunistic infections & other conditions
- Enumeration of CD4 cells in HIV children monitored
- Initiation of ART & other drugs
- Psychosocial support
- Monthly Supplementary Nutrition Kits

We conduct health camps to raise awareness against the stigma surrounding HIV and AIDS, disseminate information on the disease and how to combat it. We diagnose HIV infections in infants and children and convince parents of HIV positive children to avail medical treatments that can dramatically enhance their children's quality of life and chances of survival. We also provide travel and logistical support for the children and their parents.

Summer Camp

Children living with HIV/AIDS benefit most from an integrated approach – one that takes into account the psychosocial needs along with the medical, nutritional, palliative needs of the HIV-infected child. Our summer camps offer immense psychosocial benefits to the CLHA (CLHA from our care homes and outside), helping them to escape the fear of their medical conditions. The aim is to provide respite, recreation and support, while giving hope and joy to CLHA.

Our summer camps are 3-4 days long and are conducted in May-June across all our locations. The camps incorporate combination of fun activities, educational workshops, and competitions like arts and craft, dance, drama, fashion show, fancy dress competition, games, singing, storytelling etc.

We provide for food, accommodation and activities, and all medical care needed during their stay. To ensure that the children can safely and comfortably participate in activities and have the best time possible, we plan everything meticulously, from day-to-day management of special dietary needs, wellness support to integrating treatment schedules and planning for emergencies. Our summer camps are a wonderful way for the special children to come together to have fun, experience and learn new things, find new friends, and make indelible memories. The camps offer opportunities to help children develop courage, confidence, emotional strength, perseverance and resilience.

Beneficiaries Outreach Summary

Total Beneficiaries reached: 1200 CLHA

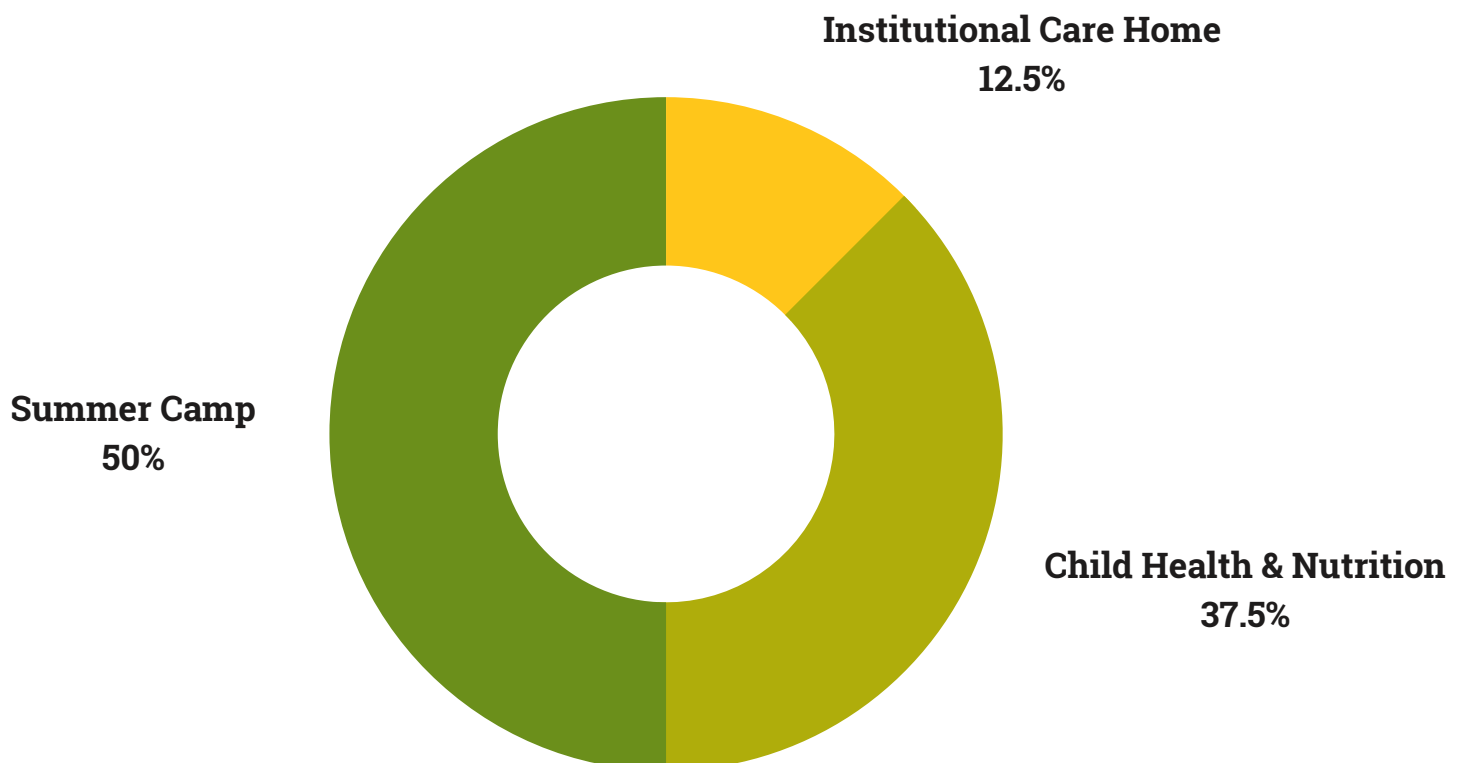

Break up of Beneficiaries

Institutional Care Homes: 300

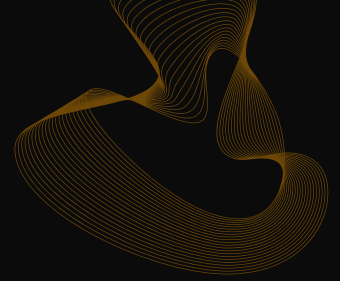

Child Health & Nutrition: 900

Summer Camp: 1200

Stories Of Hope

ADHILAKSHMI

Adhilakshmi, At admission time

Adhilakshmi was born to Mr. Ashok. He was working as a cobbler. Mr. Ashok had been suffering from heavy fever. When he went to the hospital, doctor declared that Mr. Ashok is a victim of HIV Positive. He died shortly. He is survived by four children- Adhilakshmi, Sravani, Laxminarasimha and Devanand. Among the children, only Adhilaxmi has been the victim of HIV while her siblings tested negative. Her mother was unable to provide food for the children. She somehow came to know about DESIRE Society. So she brought her children to the Institutional Care Home at IDA, Bollaram Village. When Adhilakshmi was admitted in DESIRE Society, her health condition was poor. The care takers took special care of her. Supplementary nutrition kit was introduced to improve her immunity levels. Strict adherence to the medical treatment helped improve her health condition significantly. This in turn, allowed her to attend school. Adhilakshmi was admitted to a private school for her education. At school, the child proved to be very smart, both at academic and non-academic activities. She scored high marks in every subject and won several prizes at various co-curricular activities.

The smart girl has successfully cleared her 10th board exam with 8.2 CGPA. Now Adhilakshmi is pursuing her engineering degree from CMR College, Hyderabad from the academic year 2019-20.

"I did not even imagine that I will be getting professional (engineering) education from one of the top private engineering colleges but DESIRE Society changed my perception and helped me to expand my horizon. The supportive people visiting our care home regularly inspired me to aim for a career in IT. I am studying hard to become an IT professional", says proudly the tech-savvy AdhiLakshmi.

Adhilakshmi, At present

LATA

Lata, At admission time

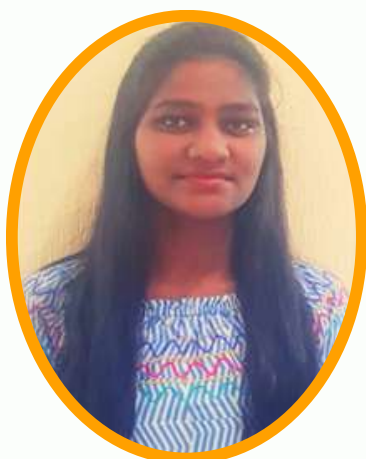

Lata was born in an economically weaker family. She had lost her parents to HIV when she was young. Lata has four sisters but she was the only one born with HIV. After the death of her parents she shifted to her maternal grandparents' home. They lived in joint family. Due to economic distress, Lata's aunt shifted her to OASIS for people and community (NGO name Purnata Bhavan) when she was 9 years old.

When her elder sister started living independently in Mumbai, she wanted Lata to live with her. However, her financial condition was not strong enough so that she could take care and provide for Lata and her needs as a person living with HIV. So they were searching for a Care Home for Special children. Fortunately, they came in contact with one of DESIRE Society' community outreach worker.

Lata was admitted in DESIRE Society's Institution Care Home in Mumbai. When Lata was admitted in the institute she was under nourished. She badly required medical attention as she had poor health and her CD4 count was also very low. She was offered proper medication and treatment from Sion Hospital.

She was also given balanced supplementary nutrition that boosted her immunity level and helped her cope up with ART. Adequate health care and monitoring improved her health within 6 months of her joining.

Currently Lata is pursuing Bachelors of Accounting and Finance (BAF) from Lord Universal College of Commerce and Science, Mumbai. After graduation she wants to pursue MBA and aspires to get employed in corporate sector. She is very clear and confident about her goals in life.

Lata, At present

RENUKA

Renuka's life was shattered when she lost her parents to HIV. After her parents' death, 6 year old Renuka, along with her elder sister, started living with relatives. But unlike her elder sister, Renuka is a CLHA and hence was a burden to her relatives. So her relatives started looking for orphanages that accommodate such children.

She was referred to DESIRE Society and gained admission there. Her health was on verge of collapse when she got admitted. She was immediately put on ART. Dietician put her on a special diet and supplementary nutrition to cater to her nutritional requirements, strengthen her immunity and boost her health. The opportunistic infections were treated and controlled.

Renuka's physical and mental health improved within a short duration of admission in DESIRE care home. Subsequently, she was enrolled in school. After finishing school, she got admission in a private college. She earned a Bachelor's degree in Science. Currently, she is pursuing B.Ed in a Hyderabad College. Her dream is to become a teacher and serve the needy in future.

Her survival story is one of many such stories that encourage the DESIRE team to continue such services catering to special (HIV) children in India.

Renuka, At the time of admission

Renuka, At present

SEEMALA SAI

Seemala Sai's parents were migrant labours and both of them were infected with HIV/AIDS. Seemala was very young when his parents passed away in the year 2017. Seemala's grandfather took him in. Knowing that his old grandfather would not be able to take care of the young Seemala, the village elders admitted him in Government run shelter Sisugruha in Srikakulam. After some days, he started having fevers and the Sisugruha team took him to hospital for medical examination. It was found that Seemala was also HIV positive, like his parents. The Sisugruha team approached CWC- Srikakulam. But CWC team responded that they do not take care of HIV positive children. CWC team enquired Visakhapatnam officials who referred them to DESIRE Society. On 24.07.2019, District Child Protection Officer Mr. Malleswarao admitted Seemala Sai (along with all the CWC legal admission proceeding documents) at DESIRE Society Care Home at Visakhapatnam.

At the time of admission Seemala could not even eat by himself. He used to cry a lot and could not sleep properly. He was very thin and sickly, and could not speak. So DESIRE team had to take special care of him. Seemala has been put on ART under the strict monitoring of DESIRE team. At the time of joining he weighed only 10 kgs and his CD4 count was 390. Now Seemala weighs 20 kgs and his CD4 count is 700.

In the first week of joining, he was not mingling with other inmates. Now, he is a super active 8 year old boy and likes to play for a few hours daily. Currently, Seemala is studying in Ravindra English medium school (LKG) which is close by to the care home. His education is going on well and he is living the life of a normal happy child who considers DESIRE Society his home.

SUNNY

Sunny lost both his parents to HIV at a tender age. He was diagnosed with HIV as a result of mother to child transmission.

After the demise of his parents, he was staying with his maternal uncle. Due to financial constraints, he was not taken care of well. He lost weight and started falling sick quite often. The child welfare committee admitted him to DESIRE care home at Noida.

Upon admission, DESIRE Team gave priority to his medical requirements. A diet chart was prepared covering his nutritional needs. The HIV drug adherence is main part of our efforts in order to maintain his day to day life pattern.

Now the 4 year old Sunny is healthy and happy. He is enrolled in UKG class in a private English medium schooling. He is studying well and loves to take part in extra curriculum activities.

Events & Special Days

World AIDS Day

Why Us?

Legal Status

- registered Not for profit organization under Andhra Pradesh Societies Registration Act, 1971 vide no. 1918/2005
- registered under FCRA (Foreign Contribution Regulation Act 1977) to receive foreign donation/funds
- registered under Section 80G Act of 1961, India for Income tax Exemption
- registered under Section 12A of the Income Tax Act, 1961 for tax exemption
- registered as a 501(c)(3) tax-exempt charity based organization in the USA (DESIRE Society Inc)

Goal Oriented

DESIRE Society's strategy of comprehensive development of CLHA is aligned with the Sustainable Development Goals (SDGs), the country's NACP as well as with the Convention of the Rights of the Child (CRC). Guided by our vision, we invest in the future citizens of the nation to contribute to the goal of nation building. Our programmes are designed in a way to ensure scalability, replicability and sustainability while positively impacting the lives of thousands of Children living with HIV/AIDS.

Value Proposition:

Accountability

Dedication

Equitability

Inclusiveness

Integrity

Transparency

Trust

Credibility

Our credibility is established through our compliance to rigorous standards. We publish

Annual report on our website every year and share the same with our stakeholders whoever wants to know about our work. Auditors from Sudhakar Chartered Account Group have been conducting our audit for many years now. The audit refers to different level of checking by concerned auditor team. The audit reports are published on our website. Information about our organization and work is available across public domains. Print/digital media has paved way to highlight work-sphere of events & activities undertaken by DESIRE Society.

Organizational Effectiveness

We continuously monitor the effectiveness of our operations, structures and processes. Our organizational effectiveness is evident from our professional management of the staff and office, the Institutional Care homes, strategic planning (programmes and finances) and documentation process. We ensure that policies and procedures are reflection of our requirements.

ఎయిడ్స్ మహమ్మారిని తరిమికొడదాం

- బజెపి నేత కరణంరెడ్డి నరసింగరావు

గాజువాక, ఫీచర్స్ ఇండియా : పెద్దల చేసిన తప్పులకు అథం శుభం తెలియని చిన్నారులు శిశ్లే అనుభవించడం చాలా బాధాకరమని టిజెపి గాజువాక నియోజకవర్గ కో ఆర్డినేటర్ కరణం రెడ్డి నరసింగరావు అన్నారు. అంత ర్వాతీయ ఎయిడ్స్ దినోత్సవం సందర్భంగా డిజైర్ సొసైటీ స్వచ్ఛంద సేవా సంస్థ వారి ఆధ్వర్యంలో దిన గంటల్లో అఫీషియల్ కాలనీ ప్రాంతంలో ఉన్న ఆశ్రమం వద్ద అచగాహన రాల్చి చేపట్టారు. ఈ కార్యక్రమానికి ముఖ్య అతిథిలుగా భారతీయ జనతాపార్టీ గాజువాక నియోజకవర్గ కో ఆర్డినేటర్ కరణంరెడ్డి నరసింగరావు పాల్గొని కేంద్రానికి ఓపిఎస్ సేవలపై అచగాహన రాల్చిని ప్రారంభించారు. ఈ సందర్భంగా కరణం రెడ్డి నరసింగరావు మాట్లాడుతూ ప్రస్తుత సమాజంలో ప్రజలకు అచగాహన లోపం, తగిన జాగ్రత్తలు తీసుకోక పోవడం వలన ఎయిడ్స్ భారవ పడి అనేకమంది మృత్యువాత పడుతున్నారని అన్నారు. ఎయిడ్స్ వ్యాధి ఒకరి వాటిన్ ఇంజక్షన్ నిరంతరం మరొకరికి వారడం, ఒకరికి గెడ్డం గీసిన జీర్మని మరొకరికి వారడం వలన వ్యాప్తిస్తుందని తెలిపారు. తల్లితండ్రులుకి హెచ్ఐవి పాజిటివ్ బతి వారి వలన వారి పిల్లలకు కూడా సోకుతుందని అన్నారు. ఇటువంటి అంటువ్యాధులు సోకకుండా తగిన జాగ్రత్తలు తీసుకోవాలని సుచించారు. హెచ్ఐవి పాజిటివ్ వచ్చిన పిల్లలను డిజైర్ సొసైటీ వారు ఆదరించి వారికి కావలసిన మందులు, పోషకాహారం లో పాటు ఉచిత విద్య, హాస్టల్ సదుపాయం కూడ కల్పిస్తున్నందుకు సొసైటీ సభ్యులను ప్రత్యేకంగా అభినందించారు. డిజైర్ సొసైటీ మేనేజర్ లక్ష్మణ్ ఆధ్వర్యంలో నిర్వహించిన ఈ రాల్చిలో రవీంద్ర భారతి స్కూల్ పిల్లలు, స్కూల్ డ్రస్సు పిల్ల శ్వాస పొందేస్తే ప్రతినిధి త్రివేణి, రాజశేఖర్, వెంకటేశ, శివ తదితరులు పాల్గొన్నారు.

డిజైర్ సొసైటీని సందర్శించిన న్యాయమూర్తి

చిన్నారులకు పత్రాలు అందిస్తున్న జిల్లా న్యాయమూర్తి పాపిరెడ్డి, అధికారులు

బడిప బొల్లారం(జిన్నారం): బడిప బొల్లారం పట్టణంలోని డిజైర్ సొసైటీని జిల్లా న్యాయమూర్తి బి.పాపిరెడ్డి శనివారం సాయంత్రం సందర్శించారు. ఆయనతోపాటు జిల్లా న్యాయ సేవాధికార సంస్థ కార్యదర్శి సీహెచ్ ఆశాలత, స్పెషల్ ఎక్సైజ్ మెజిస్ట్రేట్ జె.హనుమంతరావు సొసైటీని సందర్శించారు. అనాథ చిన్నారుల వివరాలు, వారికి అందిస్తున్న ఔషధాలు, ప్రత్యేక వేసవి శిబిరాలు, ఎంత కాలంగా కొనసాగుతుంది? ఏయే ప్రాంతాల నుంచి చిన్నారులు వచ్చారనే వివరాలను సొసైటీ డైరెక్టర్ రవిబాబు వారికి వివరించారు.

Chronically ill orphan boy gets to fulfill his wish of being Vashi cop for a few hrs

George Mendonca

Navi Mumbai: In an act of humanity, the Vashi police fulfilled the wish of a 7-year-old orphan boy suffering from chronic illness to become an inspector for a few hours. Not only did he don the police uniform, he was also allowed to sit on the senior inspector's chair at the Vashi police station.

Ramesh Chavan, senior inspector of Vashi police station, said, "Divya Kotak, a member of NGO 'Make A Wish Foundation' requested me to fulfill the wish of an orphan minor boy to become an inspector for a day. The boy, Swaraj Park-

A KIND GESTURE

here, is studying in Class 1, and is undergoing treatment for his chronic illness

at NMMC hospital in Vashi."

Chavan added that the boy has been staying at the 'Desire Society Caring for Special Children', an orphanage, in Sector 28 of Vashi. "I readily agreed, and Swaraj was dressed in police-like uniform and brought from his orphanage in a police vehicle to Vashi police station. He was even given a toy pistol and made to sit on the chair in my cabin. To make Swaraj feel he was an inspector, we even kept a nameplate on the desk that said 'Swaraj Pakhare—senior police inspector'. The smile on his face on being able to fulfill his wish brought utmost satisfaction to all of us," said Chavan.

డిజైర్ సొసైటీకి 'శ్వాస గ్రూప్' బాసట

గాజువాక, సెప్టెంబర్ 11, మనం న్యూస్ ప్రతినీధి: హెచ్ఐవి/ఎయిడ్స్ తో బాధపడుతున్న చిన్నారులకు 'శ్వాస గ్రూపు' బాసటగా నిలిచింది. వినాయక చవితి సందర్భంగా జీవీఎంసీ 72వ వార్డు పరిధిలోని డిజైర్ సొసైటీ కి శనివారం శ్వాస గ్రూప్ అధ్యక్షులు దాసరి విజయ్ కుమార్, శ్వాస ప్రతినీధి అల్లంశెట్టి త్రివేణి అనాథ పిల్లల చదువు, ఫీజుల నిమిత్తం రూ. 75000/ చెక్కును డిజైర్ సొసైటీ ప్రతినీధి అక్బల్ కు అందజేశారు. ఈ సందర్భంగా 'శ్వాస గ్రూపు' అధ్యక్షులు విజయ్ కుమార్ మాట్లాడుతూ గత ఏడు సంవత్సరాల నుండి ఈ అనాథ పిల్లలకు ఆర్థిక సహాయం

చేస్తున్నామని ప్రతి నెల సుమారు పదివేల రూపాయలు ఆర్థిక సహాయం చేయడం జరుగుతుందన్నారు. అనాథ పిల్లల ఆదుకోవడంలో 'శ్వాస గ్రూపు' చేస్తున్న కృషిని డిజైర్ సొసైటీ సంస్థ అభినందించింది.

డిజైర్ సొసైటీకి ముత్తూట్ ఫైనాన్స్ చేయూత

గాజువాక సెప్టెంబర్ 14 మనం న్యూస్ ప్రతినీధి: మంగళవారం డిజైర్ సొసైటీ హెచ్ఐవి / ఎయిడ్స్ బాధిత పిల్లలు గురించి నిర్వహిస్తున్న సంస్థతో సామాజిక కార్యక్రమంలో భాగంగా ముత్తూట్ ఫైనాన్స్ లిమిటెడ్ విశాఖపట్నం సొసైటీ పిల్లలకు ఒక నెలకు సరిపడిన పోషకాహారానికి సంబంధించి ఆర్థిక సహాయం 50,000 అందించడం జరిగింది. ఈ కార్యక్రమంలో ముఖ్యఅధితిగా ముత్తూట్ ఫైనాన్స్ లిమిటెడ్

రెజనల్ మేనేజర్ యు. ఫణి సూర్య, క్లస్టర్ మేనేజర్ స్వయామ్, కనిటి బ్రాంచ్ మేనేజర్ శ్రీమతి శ్రీలత మరియు సి.ఎస్.ఆర్ మేనేజర్ కిరణ్ కుమార్ హాజరురయిరి. ముఖ్య అతిథి ఫణిసర్వగ డిజైర్ సొసైటీ చేస్తున్న కార్యక్రమం

గురించి అభినందిస్తు నిర్వాల రవిబాబుకు ఇంత మంచి కార్యక్రమం చేస్తున్నందుకు ఏడు ముందు ముందు ముకు తోచిన సహాయం చేపడ తామని.

తెలియదేసిరి. ఈ కార్యక్రమంలో డిజైర్ సొసైటీ నుండి పి. అక్బల్ (రిసోర్స్ మెంబిలిజేషన్ అఫీసర్) రజిని, కి అర్జివేటర్ పాల్గొనిరి. అనంతరం పిల్లలందరికీ పోషకాహారం కిట్ మరియు అందరికీ ఇవ్వడం జరిగింది.

Way Forward

Dream Project:

We want all our children to secure suitable jobs, become financially independent, settle down in life and get married. Our dream project is to build a residential complex for our children.

The residential complex shall have residential flats with amenities like baby care centres, community hall, clinic with IP facility, emergency medical staff quarters, playground and mini-market.

We envision building the first such residential complex on about 10 acres of land close to our Care Home in Hyderabad.

Once implemented, this model shall be replicated across all the locations where we have presence.

DESIRE Society's programmes and goals are aligned to NACP's (National AIDS Control Programme) goals and United Nations' Sustainable Development Goals 3.3 of ending the HIV/AIDS epidemic as a public health threat by 2030. While we fully understand that there is a great deal to be done to achieve this vision, it is critically important that all organizations and stakeholders across the world galvanize into collective action to make measurable progress towards attaining that goal. We, as non-profit organization, are also committed to do our bit to be a part of the bigger picture and brighter narrative.

Moving forward, we are committed to further scaling and diversifying our interventions and geographical radius. We seek to make significant and dramatic progress towards achieving our mission while contributing to the goal of nation building.

Acknowledgement

The impact that we make is possible indeed. Thanks goes to multiple stakeholders- individual and institutional donors, partner organizations, sponsors, doctors, staff members, managing committee members, volunteers and well-wishers.

We sincerely thank our donors and partner organizations who, with their generous contributions and unstinted support, help us address the challenge of caring for children living with HIV and AIDS. We owe a debt of gratitude to our doctors and medical staff who work beyond the call of duty to ensure adequate and timely care for our special children.

Deep appreciation is extended to our managing committee members for their dedication, guidance and motivation.

We appreciate and laud the spirit of commitment and sincerity of our dynamic team members who put their heart and soul in their work.

We thank our Auditors from Sudhakar Chartered Account Group for conducting the audit work.

We thank all our well-wishers for your good wishes, encouragement and support for our work.

We are grateful to volunteers for actively participating in and contributing their time & energy in our activities.

Thank you all for everything you do!
